

6/27/2022

Dear Vendor Partners,

We are pleased to announce that Burlington Stores has partnered with Maersk Supply Chain Management (SCM) to manage cargo bookings for export shipments from origins going to the USA starting September 2022.

Maersk SCM is a market leading global supply chain services provider that has been in business for almost 100 years, and a strategic partner of Burlington Stores, Inc.

Over the next few weeks specific information will be requested by Maersk SCM to aid in set up, onboarding of their cargo booking service.

We appreciate your cooperation as Burlington transitions from MOL Consolidation Services to Maersk SCM as it will be vital in growth and success of our partnership. A representative from Maersk SCM will be contacting you soon with more information, including a transition schedule by origin, and to conduct in-depth training sessions to ensure a successful launch.

If you have any questions about this project, data or information requests, or points of contact, please do not hesitate to reach out to Todd Zaninelli, Vice President of International Logistics at [Todd.Zaninelli@Burlington.com](mailto:Todd.Zaninelli@Burlington.com).

Sincerely,

Al Tresvant

SVP Global Logistics  
Burlington Stores
